VAMPLIERS® WORLD'S BEST PLIERS® *Patented*

"VAMPLIERS Technology - A patented design that utilizes both vertical and horizontal serrations forming teeth for the perfect "bite" around the screw's head." Available in five different sizes to accommodate a wide variety of pliers' functions, plus removal of stripped and rounded fastener from 0.08" to 0.59" head diameter.

6¼"
VT-001
VAMPLIERS Original
• T-Shaped Handle
• Spring-Loaded • Wire Cutter
• Screw Extractor (Top .08"-0.16", Side 0.12"- 0.20")

VAMPLIERS Slip Joint
• Screw Extractor (Top 0.08"-0.39", Side 0.22"-0.55") • Two Position

5"
VT-RSE-60
RECESSED SCREW EXTRACTOR

Easily removes stripped or damaged flathead, counter-sunk, and recessed screws (Phillips #2). Saves time - No preparation required, no messy drilling required. Ergonomic grip to provide high traction between the bits and the stripped screw head.

7½"
VT-001-7LN
VAMPLIERS Long Nose Intermeshed Teeth • T-Shaped Handle • Screw Extractor (0.08"-0.22") • Wire Cutter

6"
VT-002-6
VAMPLIERS® BRUTE easily removes stripped screws, including low profile truss screws, and cuts copper wire.

- Slender jaw design ideal for working in tight spaces.
- Black oxide finish for enhanced rust resistance.
- Intermeshed teeth firmly grip the finest metal sheets and shims
- 12mm side cutting blades.
- T-shaped handles for reduced weight and slip-free grip.
- Securing holes run through the metal of handles for better safeguarding of pliers.

VT-001-9
9"
VAMPLIERS LINESMAN SCREW EXTRACTOR

Removes Stubborn Screws. Cable-cutter, Ideal for 3-core flat cable too. Crimper for bare terminals (AWG16-12). Eccentric high leverage structure - powerful gripping and cutting capacity.

Specialty Scissors

6½"
VT-011
SUPER COMBO SCISSORS

Hi-quality multi-use 4-in-1 innovative scissors with safety sheath. Featuring sharp flat and micro-serrated combination blade for cutting gaskets, leather, fabric, suede, rope, PVC, paper and more. Also features special wire cutter (1/16 in), and box cutter.

5½"
VT-3909
ELECTRICIAN'S SCISSORS

Made of high carbon stainless steel with vacuum hardened and precision-ground Molybdenum and Vanadium blades. Handles made of non-slip Nylon and fiberglass for an ambidextrous grip. Crimps terminals (0.5 - 4mm) and slices copper sheets (20 mils/0.5mm) and deburrs electrical boxes.

Kevlar Shears and Cutters

Cut material from Kevlar, carbon fiber, fiberglass, plastic, vinyl, leather, canvas, upholstery, headliner, cloth, string, and many other materials. Special Ambidextrous grips for repetitive cutting. Made with Japanese steel infused with Molybdenum and Vanadium (HRC 60-62) to achieve a level of hardness (HV1200).

VT-001-5

VAMPLIERS® Miniature Screw Extraction Pliers

- Ideal for removing small-sized stripped, or specialty screws.
- Slender jaws and pocket-sized body with strap holes.
- ESD-Safe handles made of thermoplastic elastomer featuring cushioned grip and oil resistance.

VT-001-5LN

VAMPLIERS® Miniature Long Nose Pliers

- Ideal for precision work on SMD
- The body is extremely durable due to careful quenching
- Serrated jaws hold the object firmly
- ESD-safe handles made of thermoplastic elastomer featuring cushioned grip and oil resistance
- Strap hole at base of handle

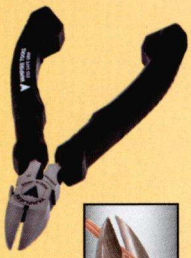
VT-001-5NN

VAMPLIERS® Miniature Needle Nose Pliers

- Half round shaped long nose ideal for precision work on SMD.
- The body is extremely durable due to careful quenching
- No serration inside jaws.
- ESD-safe handles made of thermoplastic elastomer featuring cushioned grip and oil resistance
- Strap hole at base of handle.

VT-001-5MN

VAMPLIERS® Miniature Nipper Pliers



Opening Angle Adjuster

VT-TC360-00

- Ideal for precision work on PCB.
- Sharp tip allows for clean wire cutting.
- Opening has an angle adjuster.
- ESD-safe handles made of thermoplastic elastomer featuring cushioned grip and oil resistance
- Strap hole at base of handle.

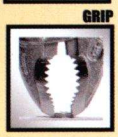
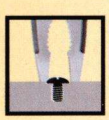
BITE



GRIP

VT-001-7



- Spring-loaded multi-purpose pliers for removing stuck screws, for cutting wires and twisting.
- Vertical and horizontal serrations grasp a screw head without slippage.
- Elaborate angle of serration also enables biting truss screw (Low-profile domehead screws).
- T-shaped unique forged handles prevent the handle sleeves from twisting or slipping off.. Innovative design of the grip reduces hand fatigue.

How Does VAMPLIERS® Technology Work?

Both vertical and horizontal serrations grasp a screw head without slipping.

Ordinary pliers

Screw head

Ordinary pliers jaws are lined with horizontal serrations. When you grasp and turn a screw head with ordinary pliers, the jaws slip and the screw remains stuck.

VAMPLIERS®

"Vertical serration"

Screw head

VAMPLIERS® specially-designed jaws generate gripping power.

"Maximizes contact"

VAMPLIERS® perfectly-fit serration maximizes contact with no slippage.

INTRODUCING !!

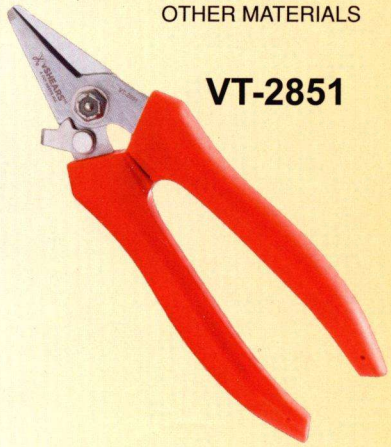
vSHEARS™

SEMA 2022 SHOW
BOOTH #36198

KEVLAR® CUTTER 5½"

SPECIALLY DESIGNED FOR CUTTING KEVLAR® MATERIALS

EXCELLENT FOR CUTTING RUBBER, UPHOLSTERY, PLASTIC CANVAS, HEADLINES, CLOTH, FABRIC, STRING AND MANY OTHER MATERIALS



VT-2851

- High carbon alloy steel with Molybdenum and Vanadium blades, precision hollow-ground and hardened for long-lasting edge.
- Easy swing lock convenient for both Right and Left handed users.
- Spring action reduces fatigue.
- One serrated blade reduces slippage.
- Extension tang to get extra tough
- Light weight
- Full length:138mm (5½")
- Cutting length:22mm(⅞")

FIBER OPTIC STRIPPER - TRI-HOLE STRIPPER 5½"

VT-2853

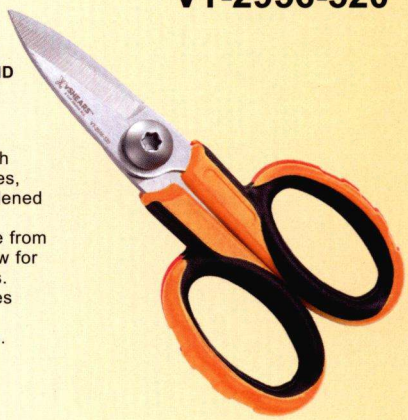
- High carbon alloy steel blades HRC 60~62.
- Easy swing lock convenient for both right and left-handers.
- Spring action reduces fatigue.
- TPR handles for comfort in use.
- Extension tang to get extra tough.
- Handy and light weight
- Full length: 138mm (5½")

FIBER OPTIC KEVLAR® CUTTER 5½"

SPECIALLY DESIGNED FOR CUTTING KEVLAR® MATERIALS

VT-2956-520

EXCELLENT FOR CUTTING SOFT CABLE, INSULATION MATERIALS, ELECTRICAL TAPE, CABLE TIE AND MANY OTHER MATERIALS



- Heavy high carbon alloy steel with Molybdenum and Vanadium blades, precision hollow-ground and hardened for long-lasting edge.
- Ergonomic modern handles made from ZYTEL® and TPR overmlded,allow for both Right and Left handed users.
- One micro-serration blade reduces slippage.
- Extension tang to get extra tough. Light weight.
- Overall length: 138mm
- Cutting length: 42mm

WIRE CUTTER 7"

CUTS UP TO Ø5mm WIRE

VT-3835

Blades

- High Carbon Steel.
- Precision-ground for lasting sharp edge.
- Adjustable with nut and bolt.
- Black oxidized finish.
- Overall length: 180mm (7")
- Cutting capacity: Ø5mm (3/16")

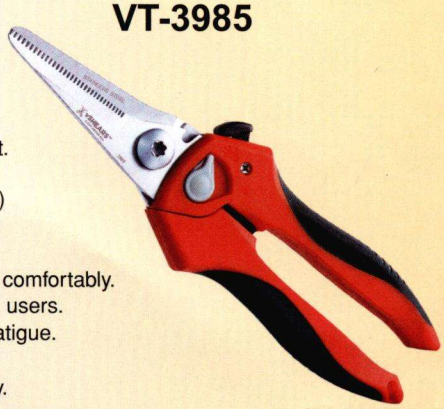
Ergonomic Handles

- PP & TPR overmolded. For left and right handed users.
- Spring loaded to reduce hand fatigue.
- Easy to use safety lock.
- Extended blades for durability.
- Light weight.

MULTI-PURPOSE HEAVY DUTY SHEARS WITH WIRE CUTTING NOTCH

WOOD STICKS, DOWEL RODS, CARDBOARD, ROPE, CORD, WIRE, MANY OTHER MATERIALS, AND WIRE NOTCH CUTS UP TO Ø2.5MM SOFT METAL WIRE.

VT-3985



Blades

- 4mm SUS 420J2 Japanese Stainless Steel.
- Precision-ground and hardened for lasting sharp edge.
- One blade serrated for anti-slippage.
- Adjustable with nut and bolt.
- Full Length: 205mm (8")
- Cutting Length: 50mm (2")

Ergonomic Handles

- PP and TPR overmolded.
- Adjustable to fit into hand comfortably.
- For left- and right-handed users.
- Spring loaded to reduce fatigue.
- Easy to use safety lock.
- Extended tang for durability.
- Light weight.

MULTI-PURPOSE HEAVY DUTY SHEARS ANGLED WITH WIRE CUTTING NOTCH

PLASTIC, DOWEL RODS, CARDBOARD, ROPE, CANE, WIRE, RUBBER AND MANY OTHER MATERIALS.
WIRE NOTCH CUTS UP TO Ø2.5MM SOFT METAL WIRE.

VT-3989

Blades

- 4mm SUS 420J2 Japanese Stainless Steel.
- Precision-ground and hardened for lasting sharp edge.
- One blade serrated for material control.
- Adjustable with nut and bolt.
- Full Length: 200mm (8")
- Cutting Length: 50mm (2")

Ergonomic Handles

- Soft Moulded non-slip comfort grips.
- Adjustable to fit hand.
- For left and right handed users.
- Spring Loaded to reduce hand fatigue.
- Easy to use safety lock.
- Extended blades for durability.
- Light weight

BOOTH #36198

UTILITY SHEARS 11⅜"

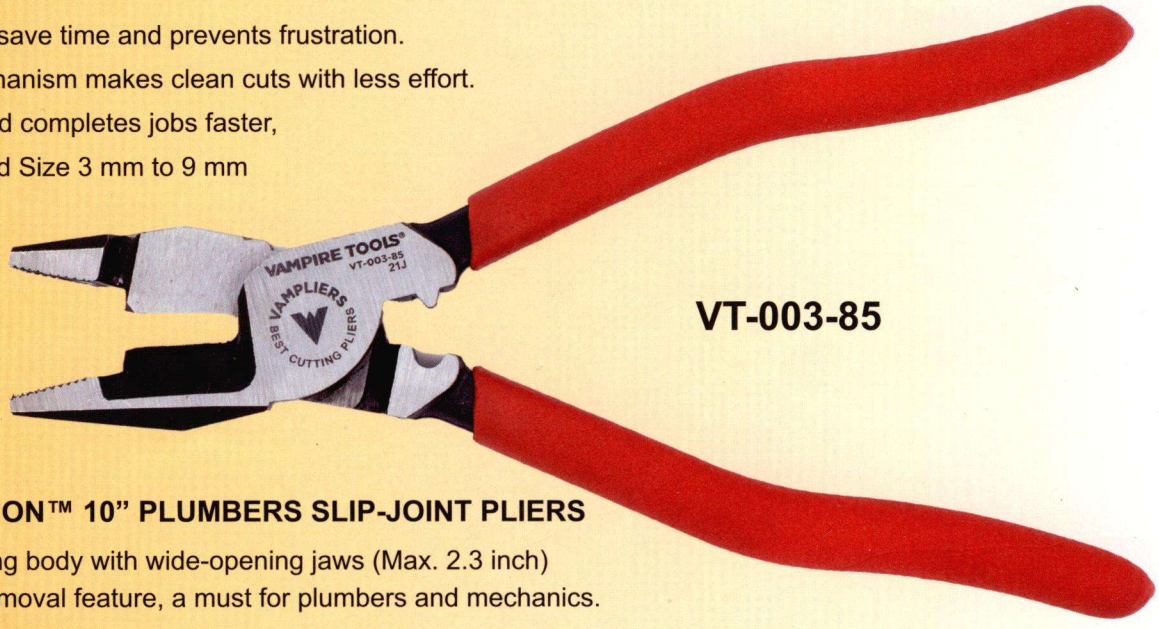
PERFECT FOR CUTTING HEAVY CLOTH, FABRIC, RUBBER, UPHOLSTERY, ROPE, LEATHER, CARDBOARD, POULTRY AND MANY OTHER MATERIALS

- Stainless steel blades, precision-ground and hardened for long-lasting edge.
- Ergonomic modern handles allow for both Right and Left handed users.
- Bolt, Nut and Washer are made of stainless steel.
- Adjustable pivot point allows the blades tension to be modified.
- Extension tang to get extra tough.
- Light weight.
- **Overall length: 288 mm (11⅜")**
- **Cutting Length: 152 mm (6")**

VAMPLIERS® WORLD'S BEST PLIERS® *Patented*

VAMPLIERS® 8.5" LINESMAN SHEARING PLIERS

- Unique Multiple features save time and prevents frustration.
- Shears style cutting mechanism makes clean cuts with less effort.
- Reduces hand fatigue and completes jobs faster,
- Screw Extraction for Head Size 3 mm to 9 mm
- Length 8.5" (215 mm)
- Material: Carbon Steel
- Light weight



VAMPLIERS® PYTHON™ 10" PLUMBERS SLIP-JOINT PLIERS

- High leverage 10 inch long body with wide-opening jaws (Max. 2.3 inch) Includes unique screw removal feature, a must for plumbers and mechanics.
- Push button hinge for quick adjustment of the jaws.
- Firmly holds round bars, square bars, hex nuts, sheet metals, etc.
- Specially designed jaws to remove stripped or rusted screws effectively
- Material: Carbon Steel
